Will Make Presbyterianism National in Character, with a Membership of 1,250,000.

ST. LOUIS, Feb. 19 .- At conferences extending over the past three days the committee on church co-operation and union of the Presbyterian churches of the United States and the committee on fraternity and union of the Cumberland Presbyterian Church unanimously adopted an agreement as a basis of the union of the two churches. It is in the shape of a report to the general assemblies of the two churches and will have to be ratified by both those bodies before it becames operative. Both general assemblies meet May 19, the Presbyterian at Buffalo and the Cumberland at Dallas, Tex The committees which adopted this report were appointed by their respective general assemblies last year and met here for the first time last October. In December subcommittees of the two committees met in Cincinnati to consider certain details, and three days ago the full committees resumed the conference here. After adopting the report to-night the committees adjourned and the members left for home. The action of these committees, if ratified by the general assemblies, will make the Presbyterian Church national in character, with a membership approximating 1,250,000. The following states the basis of agreement:

"First-Plan of reunion and union of the Second-Concurrent declarations to be adopted by the respective general assemblies meeting in 1904.

"Third-Recommendations. (1) Plan of reunion and union of churches: We believe that the union of Christian churches of substantially similar faith and policy would be to the glory of God, the good of mankind and the strengthening of Christian testimony at home and abroad. "The two churches shall be united as one church under the name and style of the Presbyterian Church in the United States of America, possessing all the legal and

corporate rights and powers which the sep arate churches now possess. "The ratification of the union shall be based on the answer to the following question: Do you approve of the reunion and union of the Presbyterian Church in the United States of America and the Cumberland Presbyterian Church on the following basis: 'The union shall be effected on the doctrinal basis of the Confession of Faith of the Presbyterian Church in the United States of America, as revised in 1903, and of its other doctrinal and ecclesiastical standards and the scriptures of the Old and New Testaments shall be acknowledged as the inspired word of God, the only infallible rule of faith and practice?" LONDON, Feb. 19.-The royal eulogy of Lord Roberts contained in the special army order issued yesterday evening in which King Edward took leave of Lord Roberts as mented upon as another instance where the tact of the King rescued the ministers from an awkward dilemma. The exceedingly curt manner in which the War Office dismissed Lord Roberts deeply incensed the late commander-in-chief, and this feeling was shared by the public to such an extent that it threatened to lead to a serious attack on the government in Parliament. The King's first intimation of his disapproval of the War Office treatment was to invite Lord Roberts to Buckingham Palace, where marked attention was shown to the field marshal. This has now been followed by the general army order, which was sent out by the King personally.
